

2002 GRANTS WORKSHOP

Friday, September 20, 2002

Hunter College Library 609, 9:30 to Noon

"PSC-CUNY Research Award Program"

DEADLINE: October 15, 2002

Program:

1. Anita Ondrusek, Basics of surveys and questionnaires
2. Clay Williams, Grant Proposal Reviews

Last year the University Committee on Research Awards received almost 800 applications for PSC-CUNY Awards. The Committee **recommended funding for more than 700 projects** in the performing and creative arts and in the academic, technological, and **professional disciplines**.

We were pleased to learn that FIVE librarians received awards!
Let's do better this year.

The UCRA welcomes the faculty's participation in this program as evidence of their commitment to intellectual and creative endeavor and encourages all faculty, **especially junior faculty**, to submit proposals to This year's PSC-CUNY Research Award Program.
